No Bars, No Grilles... just Security with a view

CURRENT SUPASCREEN RANGE

Hinged and Sliding Doors.

The modern intelligent design of SupasScreen door frames enables the manufacture of doors without midrails for unobstructed views to a width of 1500mm. Over 1500mm wide, an unobtrusive black mid-rail can be installed to accommodate even the largest opening.

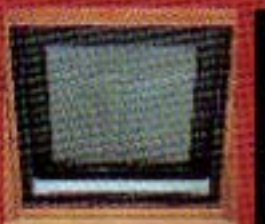

Sliding Screens.

Just released. The new sliding window grille, with an easy to use handle that locks into place. Great for a servery and casement windows.

Fixed Window Screens.

SupasScreen may be fixed to aluminium, timber and steel frames. It gives your fixed windows a professional and stylish finish.

Fire Escape.

An intelligently designed fire escape screen. The slim-line keyless design has a simplistic but effective child friendly release that avoids accidental opening. This option is available on all SupasScreens.
